DETAILED ACTION

ALLOWABLE SUBJECT MATTER

The following is an examiner's statement of reasons for allowance:

Claims 1, 3-7, and 9-17 are allowed.

EXAMINER'S REASON FOR ALLOWANCE

The prior art does not anticipate nor render obvious the combination set forth in the independent claims, and specifically does not show an a compressor control system of a vehicle wherein the driving electronic control unit is provided with an output circuit that is capable of converting the target rotation speed input from the air-conditioning electronic control unit to a driving signal for processing the compressor inverter, and output the driving signal converted via the output circuit to the compressor inverter. Ieda (US 6675873) teaches a compressor control system of an air conditioner with a driving electric motor, main battery, a driving electronic control unit, compressor and compressor electric motor however fails to the driving electronic control unit is provided with an output circuit that is capable of converting the target rotation speed input from the air-conditioning electronic control unit to a driving signal for processing the compressor inverter, and output the driving signal converted via the output circuit to the compressor inverter. Further prior art does not teach nor render obvious a compressor control system with a function for controlling a drive-power switching of the vehicle between the driving electric motor and an engine of the vehicle wherein the control system has a means for determining whether a vehicle

condition is in a restriction condition where the rotation speed of the compressor needs to be restricted.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michael J. Schmidt on November 27, 2006. The application has been amended as follows:

Claim 8 has been cancelled, as it includes no matter that further limits the scope of claim 1.
